

Environmental Policy

The Environmental policy describes ROL groups overarching position to working towards minimizing our environmental impact whilst achieving sustainable business development in compliance with applicable laws and regulations.

ROL is committed to conducting its business to the common sustainable standards.

- We shall work goal-oriented and systematically with continual improvements to reduce our impact on the environment.
- We shall work with preventing and minimizing environmental pollution.
- We shall work towards more efficient transports and usage of materials.
- We shall consider the wider environmental impacts of our activities including requirements from our customers and suppliers.
- We shall comply all with regional environmental laws and regulations.
- We shall ensure that all employees within ROL have the necessary training and education in order to carry out their tasks in accordance with expectations and this policy.
