rolbox

To increase sales

Display units

WHY **rolbox** ?

ROLBOX units are meant for display of goods outdoors: by entrances of petrol stations and shops, in nursery gardens, „mini-markets" and other marketing locations. They fit well for placing tools, documents and office goods. The units improve visibility of goods, increase sales area and allow anchoring in attractive locations of presentation of goods; thus making them more difficult for access of your competitors.

ROLBOX differ from other display units in their:

- **Durability.** The units are made of galvanized tin sheets only and dyed employing the powder dyeing method. The polyester component protects the dye from discolouration;

- **Versatility.** The variety of unit shelves allows displaying various kinds of goods like car cosmetics or flowers. Or else you may remove the shelves and display goods on the small Euro pallet or right on the base of the unit (e.g., charcoal or grill wood);

- **Safety.** Lockable aluminium profile safety blinds to protect goods from being stolen;

- **Simplicity of assembling.** The products come ready for assembling; all you need to do is to screw 8 or 10 bolts in the right places. The package of each unit contains an easily understandable instruction to save assembling time;

- **Readiness for transport.** All components of the units are packed in cartons to protect them from damage throughout transportation.

- **Mobility.** In case of requirement of a customer, the units can be supplied with adjusters;

- **Ability to express brand identity.** The frame of the units can be covered with any colour indicated in the brand use instruction of a customer.

Sample use of **rolbox**

FLOWERS
The shelves are designed to place six buckets of cut flowers. The bottom shelf is for display of pot flowers.

BULK PRODUCTS
Remove the shelves and you will have a display unit for bulk products like charcoal or grill wood; in case you place a shelf higher above, you can display various goods for outdoor cooking like grill lighter fluids, spits, barbecue grills and other goods.
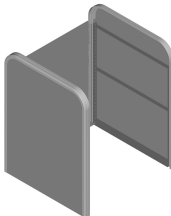

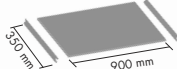

VARIOUS PRODUCTS
The shelf height can be adjusted within 32 mm. This maximizes versatility of the ROLBOX display units. Construction of the units allows using various accessories. For example, back panel suitable for fitting hooks for various goods like protective gloves, wipers, tools and other.

rolbox ORDERING INSTRUCTION

The instruction will help you to prepare your order quickly and correctly.

The display units comprise of the 3 components below:
- Packet A (frame);
- Packet B (safety blinds);
- Packet C (brackets and shelves).

(!) You can order either full units of all 3 components (A + B + C) or any component individually.

Step 1: choose a model of ROLBOX unit.
Following product descriptions (pages 3-5) please choose a model of ROLBOX unit:
550 /850/850 GRID.

Step 2: choose a unit frame.
Please enter the first five digits of Part No. of the chosen ROLBOX model Packet A and XX in the order form. E.g.:

No.	Part No.	Description	Amount
1.	39687XX	ROLBOX 550 Packet A frame	

Step 3: choose safety blinds.
Please enter the first five digits of Part No. of the chosen ROLBOX model Packet B and XX in the order form.

Step 4: choose shelf/shelves.
Please enter Part No. of the chosen ROLBOX model Packet C in the order form. E.g.:

No.	Part No.	Description	Amount
1.	39687XX	ROLBOX 550 Packet A frame	
2.	39688XX	ROLBOX 550 Packet B safety blinds	
3.	3968992	ROLBOX 550 Packet C brackets + 2 shelves	

Step 5: choose colour of your ROLBOX.
Please choose a two-digit colour code of the colour palette in page 7 and enter it replacing the XX in Part Nos. of the Packets A and B.

Step 6: indicate amounts of the products to be ordered.
Please enter amounts of the products to be ordered in the "Amount" column of the order form. E.g.:

No.	Part No.	Description	Amount
1.	3968793	ROLBOX 550 Packet A frame	30
2.	3968893	ROLBOX 550 Packet B safety blinds	30
3.	3968992	ROLBOX 550 Packet C brackets + 2 shelves	15

Congratulations! You have successfully filled the "Order form" in.

Please send it by e-mail to info@statga.lt.
We will soon contact you and send confirmation of your order.
